

DRUMB & SUTOR, Publishers.

Looking for the Postoffice.
The scramble for the postoffice is now on in this city. There are two applicants for the place, A. L. Pon-
tano, the present incumbent, and R. A. McDonald, who has held the position of assistant since the offices were consolidated, and was formerly postmaster of the Centralia office. Petitions are being circulated by both parties to be signed by the patrons of the office.

Will Open a Garage.
F. L. Holliday has rented the Lowery building on the east side and expects to open an automobile garage there in the near future. Mr. Holliday has been making his home in Colorado for several years past and is now in Chicago purchasing tools for the new shop. Some alterations will be made in the building so that an auto can be run right into the place.

Visited Old Battle Grounds.
George B. McMillan and Archie McMillan left last week for Andersonville, Ga., where they went to witness the unveiling of the monument on the site of the old Andersonville prison. While down in that country they also visited many other places of interest to one who was mixed up in the late unpleasantness, as was the case with George B.

WANT COLUMN.
ADVERTISEMENTS will be published in this column at the rate of 1 cent a word, no ad taken for less than 10 cents. If you want a box, sell or trade anything, try the want column.

VOTES STILL COMING
Agnes Nash Now Holds the Lead in the Ladies Popularity Contest.

A large number of votes have been cast in the piano contest during the past week and as the contest will close on the 16th of November and you should not fail to call for votes if you want your favorite to win.

Following is the standing of the contestants:

Agnes Nash	88100
Agnes Nash	94000
Julia Minnehan	43500
Mary Perch	37500
Ruth Hayward	37250
Berdena Berg	13025
Mary Huser	8425
Rose Kuntz	4925
Iida Hammer	3375
Alma Peters	3900
Hattie Pagels	1375
Alta Schermer	1225
Miss D. Martinson	475
Vida Riley	250
Thelma Stahl	150
Laura Witt	75
Alma Abel	50
Tessie Yetter	50
Liddle Drager	25

It Was a Foot Race.
The game of football on Saturday between the Lincoln high school team and the team from Wausau, resulted in a victory for the locals by a score of 46 to 0. The score tells the whole story. There was no time during the game when the Wausau boys were able to put up any kind of a defense, while the locals scored in every possible manner. It was one succession of touchdowns from start to finish and most certainly have been disconcerting to a number of Wausau rooters who came down with the boys and who said beforehand that they were confident of winning.

Art Exhibit a Success.
The art exhibit given by the Federated clubs on Wednesday, Thursday and Friday of last week at the Baptist church was quite a success. There were a large number of very nice pictures on exhibition and there was a fairly good attendance both afternoon and evening during the three days. There were also some excellent programs which were listened to with interest. The ladies expect that when all of the expenses are paid they will have about \$75 left with which to buy pictures for the schools.

Awarded \$5,000.
Joseph Hoffman, the young man who was suing the Rib Lake Lumber Co. for the sum of \$10,000 for personal injuries sustained while at work in the defendant's mill, was awarded \$5,000 by the jury on Saturday evening after a deliberation of only about an hour.

Hoffman was caught in some gear while at work in the mill and sustained quite severe injury to one leg while subsequently failed to heal properly, leaving a running sore.

The case was hotly contested by both sides and occupied about a week. It will probably be appealed to a higher court.

A Good Show.
Tempest and Sunshine at the opera house on Tuesday evening was greeted by a good sized audience and it was a good production from start to finish.

Dr. C. E. Remaly, who has been practicing medicine in Melrose for a number of years past, arrived in the city the fore part of the week and has associated himself with Dr. Rockwell in the practice of medicine and surgery, and the firm name will be Rockwell & Remaly. Dr. Remaly was formerly associated with Dr. Rockwell at Melrose, but during the past summer has been in Pennsylvania doing postgraduate work at his old college, the University of Pennsylvania. Dr. Remaly is a married man and well qualified in his profession and there is no reason why the new firm should not do well. They will continue to occupy Dr. Rockwell's suite in the MacKinnon Block at the west end of the bridge.

Hoyt's "A Texas Steer" comes to the Grand Opera House Friday evening, Oct. 25th. This comedy which has probably met with greater success than any American play, is now in its seventeenth season and is said to be playing at crowded houses everywhere. The cast is large and well balanced and includes such well-known people as Jas. B. McLean who has appeared for a number of years in Hoyt's pieces; Nina Wilentz, the congressman's daughter, "Bossy"; and a number of Hoyt's well-known comedians are in the cast.

Mrs. J. H. Noyes returned on Saturday from Milwaukee where she had been with her son, who had undergone an operation. The boy was left in the hospital for further treatment.

A bear, weighing 250 pounds was killed near Arnot one day last week. The animal was in a cornfield when discovered and was surrounded and shot before he could make his escape.

Judge Webb, on Friday, granted a divorce to Mrs. Minnie Marx from Herman E. Marx. The parties are from Stevens Point and the defendant is a Wisconsin Central engineer. Mrs. Marx was granted the custody of a six-year old child and Mr. Marx the older, aged ten years.

Miss Kate Reichel, who has been visiting her people at Escanaba, returned to this city on Monday to resume her work.

Making Ice Machines.
The Grand Rapids Foundry company has been working for some time past on a number of ice machines and several of them are now about completed. The machines are known as ice machines and may be used for the manufacture of ice, but they might be more properly designated as refrigerating machines, as this is the use to which they will more generally be put.

Through the courtesy of E. Roenius the writer was shown several of the machines that are in course of construction there and they are a very neat machine, taking up very little room, and are so constructed that they can be operated by any kind of power that is handiest, either steam, gasoline or electricity.

The machine is different from the ordinary refrigerating machines some what, as carbonic acid gas will be used for the cooling compound instead of ammonia, which will reduce the liability of serious accident in case of an explosion or break in the pipes. When such a break occurs with one of the ammonia machines there is apt to be serious results, as the ammonia is a very powerful alkali which is very destructive to human life, a condition that would be avoided in the use of carbonic gas.

The gas is compressed to a liquid the same as in an ammonia machine and then conducted through a series of radiators where it is allowed to expand, thus producing the cooling effect.

The company is manufacturing several sizes of the machines, one of which is small enough to use in butcher shops, and by the use of which the refrigerator can be kept at any desired temperature the year round. They will also make larger machines for any purpose desired. The machine will be practically automatic in action, the oiling being accomplished by a forced feed apparatus, so that it requires very little attention outside of starting and stopping it when necessary.

It May Not be Valid.
A Fond du Lac attorney, whose name is not mentioned, is quoted by the Fond du Lac Bulletin as stating that in his opinion the new state law regarding the manner of filing registers of births, deaths, marriages, accidents, casualties, etc., is not constitutional. His opinion is based on the fact that the result of the new law is to take away from the registers of deeds in the several counties of this state considerable portion of the perquisites of the office with which it was by law endowed at the time of their election to the same.

In this man's opinion the fact that the new law places itself in operation on Oct. 1 renders it invalid, unconstitutional and inoperative, for the reason that it reduces the compensation of the register during the term for which he was duly elected. In some counties the new law will cut the register's compensation over \$1,000 per year.

This attorney further gives it as his opinion that if the courts do not annul the law, each register in the state may commence a separate action to recover an amount sufficient to reimburse them for the loss occasioned by this law.

Oberbeck-Subr.
Miss Bertha Oberbeck and Wm. Subr will be married this afternoon at 2:30 o'clock at the home of the bride's parents, Mr. and Mrs. Louis Oberbeck, Rev. Baum performing the ceremony. They will be attended by Miss Carrie Oberbeck of Chicago and Miss Lillie Oberbeck and Geo. Subr and Louis Oberbeck.

Both of the contracting parties are well and favorably known in this city and have many friends who will wish them success on their journey thru life. They will immediately go to housekeeping in the home of the groom on the west side.

Boiler is Condemned.
One of the boilers at the Electric & Water company was condemned last week and since that time the plant has been shut down awaiting repairs and current for the city has been taken from the Consolidated people. It is expected that the boiler will be repaired in the near future when the plant will again be started up.

Adverts Building.
The Advertisers have the foundation laid for their new building on Oak street and are starting on the upper works. The structure is being built of concrete blocks and promises to be a nice looking building. The place is located about opposite the Dr. Harvie residence on Oak street.

Bridge to be Closed.
A gang of workmen are now engaged in relinking the bridge, and after eleven o'clock each night that structure will be closed until the work is completed. Owners of teams are requested to take notice and govern themselves accordingly.

Football Saturday.
The Stevens Point Normal will be here on Saturday to play with the Lincoln high school team. This is the same team that the high school boys played a tie game with once before.

Held a Reception.
The members of the Methodist church held a reception at the church parlors on Tuesday evening for their new pastor. There was a large crowd in attendance and the evening proved a very pleasant one.

John Anderson and two children of Fond du Lac are in the city to attend the Subr-Oberbeck wedding.

ATTEMPTED SUICIDE.
Man in the County Jail Tries to Hang Himself with His Suspenders.

A man confined in the County jail by the name of Charles Utter tried to hang himself on Tuesday by the use of his suspenders, but was prevented from doing so by the timely arrival of Sheriff Welch, who had been keeping an eye on the man and watching his actions.

Utter appeared at the jail on Monday and asked that he be locked up. This was an unusual request but he stated that his enemies were after him and that they were going to hang him and that he was taking this measure to escape them.

Mr. Welch saw at once that the man was laboring under some sort of a mental strain and decided that he would be better off behind the bars than running at large. He was locked in one of the cages and later conversed with him only convinced the officer that Utter was deranged. Then on Tuesday he tied his suspenders to the bars and had made a noose in them and was about to slip his head thru the loop when he was caught by the sheriff.

When questioned by the officers later he gave rather a vague account of his home and travels and it was evident from his appearance that he had been tramping most of the time for some time past and is rather poorly dressed. It was thought first that he might be a victim of alcoholism, but this does not seem to be the case. The officers are investigating the matter and if possible to locate his home or relatives it will be done.

Death of Dr. Goggins.
Mr. and Mrs. Hugh Goggins of this city received a telegram from their son, William Goggins, who lives at Wenatchee, Wash., that their son, Dr. J. E. Goggins, who at one time practiced medicine in this city, is dead at Wenatchee, Wash. The telegram gave no particulars. The home of Dr. Goggins was Concoquilly, Wash., where he has been practicing his profession for some years. Wenatchee is some eighty or one hundred miles down the Columbia River from Concoquilly, so the doctor was away from his home at the time of his death. He leaves a wife and two children, his father and mother, four brothers and three sisters.

Death of Henry Podawiltz.
Henry Podawiltz died very suddenly at his home on the east side on Friday night from heart failure. He had apparently been in his usual health the day before, having been at work at the Grand Bay & Western coal shed where he was employed. He ate supper and retired in his usual health and spirits and it was only when his daughter went to wake him in the morning that he was found to be dead, and it was apparent that life had been extinct for some time. The funeral was held on Tuesday afternoon from the Lutheran church on the east side. Rev. Maack conducting the services.

Miscellaneous Showers.
A miscellaneous shower was given Miss Bertha Oberbeck by a large number of her friends Thursday evening, at the home of her sister, Mrs. Otto Bein. The evening was spent in playing games, after which light refreshments were served. Miss Oberbeck was presented with many beautiful as well as useful gifts.

—Geo. N. and Guy R. Wood now have on a thirty day bargain sale of residence lots at \$25, \$30, \$40 and \$50.

—The west side Ladies Aid Society of the Congregational church will hold a second hand clothing sale Saturday, Oct. 26th in the Lyon block west side.

Faira Success.
The fair given last week by St. Lawrence congregation of the west side was a most pronounced success from start to finish, about \$400 being netted during the three days. They had a variety of useful and ornamental articles for sale, and the different booths were well patronized. Meals were also served, where there was a good business done, and the festivities were wound up with a dance on Thursday evening, which was largely attended.

The total receipts of the fair were \$415.50 and the net proceeds \$400. The committee extend their hearty thanks to all those who helped to make the fair such a real success.

Before the Rate Commission.
Attorney R. R. Goggins represented the paper manufacturers of this section before the Railroad commission in Madison on Thursday in asking for an adjustment in the rates on pulpwood. L. M. Alexander and A. J. Pound were also in Madison in the capacity of witnesses.

Paper mill men claim that the rate on pulpwood is much higher than for other material of a similar nature, which is their reason for asking for a reduction. As all of the pulpwood nowadays has to be carried by rail, the freight on the commodity cuts quite a figure.

MARRIAGE LICENSES.
Leroy Pillner of the town of Litchfield to Emma Arthur of the same place.

Hugo Zick of Beloit to Anna Ratzlaw of Vesper.

Gustav Ratzlaw to Julia Olson of Vesper.

Death of Henry Podawiltz.
Henry Podawiltz died very suddenly at his home on the east side on Friday night from heart failure. He had apparently been in his usual health the day before, having been at work at the Grand Bay & Western coal shed where he was employed. He ate supper and retired in his usual health and spirits and it was only when his daughter went to wake him in the morning that he was found to be dead, and it was apparent that life had been extinct for some time. The funeral was held on Tuesday afternoon from the Lutheran church on the east side. Rev. Maack conducting the services.

PACKARD SHOE FOR MEN

WHAT'S IN A NAME?
Everything between certainty and doubt if the name be "Packard."

In nothing you buy can you be more easily deceived than shoes. Beneath the gloss and veneer, pancake soles may be masquerading as oak leather, sheep skin as kid and cotton thread as silk.

Can you detect it? No, but you can avoid it by seeing that your shoe has the name "Packard" stamped on the soles. It's a guarantee of QUALITY.

A pleasure to show them, a satisfaction to those who wear them.

\$3.50, \$4.00, \$5.00

SPECIAL ANNUAL CLOAK SALE

AT

J. T. SCHUMACHER'S

THURSDAY, OCT. 24th

We have planned to give the people of Grand Rapids and vicinity the largest Cloak Sale of this season. With that end in view we have made arrangements to have with us on Thursday, Oct. 24, a representative of one of the leading cloak manufacturers of the East with a **SPLENDIDLY LARGE VARIETY** of Styles and Fabrics consisting of at least 500 **CHOICE GARMENTS**.

By careful planning, diligent study and by seeking ways and means, where by all past effort should be eclipsed both in style and values, we are pleased to make the announcement above which carries with it the incentive of attractively low prices

EVERY GARMENT DELIVERED AT TIME OF SALE.

A cordial invitation is extended to every lady of this city and vicinity to be with us on that day.

Remember To-morrow is the day

A Pair of Gloves Free

AT HEINEMAN'S

This is our special inducement for all the coming week

To all Who Buy Children's, Ladies' or Misses' Coats of Us

Our stock was never better and you will find one of the finest assortments in the city to select from. **EVERY GARMENT A STYLISHLY MADE COAT.** Come and look them over and get **A PAIR OF GLOVES FREE** with every purchase of a coat.

Remember the Fur Sale, October 25th

5 Cents Per Yd. **LACE SALE** 5 Cents Per Yd.

We shall place on sale this week an immense stock of laces, all at 5 cents per yard. Narrow Valenciennes, Silk Lace 3 to 5 inches wide in black and white, only 5 cents per yard. Also a fine line of insertions. Don't fail to look over our remnants, got into shape especially for this sale, and now on display. They are Silk, satin and velvets, and everyone is a great bargain.

Remember the Fur Sale, October 25th

Heinemann Merc. Co.
GRAND RAPIDS, WISCONSIN

In Buying a Stove...

This fall we ask you to bear in mind the wonderful fuel saving and long lasting qualities which are found in Stewart stoves and Ranges.

You can't buy a stove every year or every other year, therefore it is important to get the best, especially when the best costs, if anything, only a little more at first and is cheaper—far cheaper—in the end.

Stewart stoves have fully satisfied others—isn't it reasonable to suppose that a Stewart will satisfy you? Stewart stoves will prove your best investments. All Stewarts are built with exclusive practical advantages which save fuel and reduce the cost for repairs to a minimum.

We are always ready to show you why the Stewart is best. Come in.

Johnson & Hill Co.
HARDWARE DEPARTMENT.

Grand Rapids Tribune

BY DRUM & SUTOR.

Grand Rapids, Wis., Oct. 23, 1907

Entered at the Post Office at Grand Rapids, Wis., as second-class mail matter.

SUBSCRIPTION RATES.

One Year.....\$1.50
Six Months.....75

Advertising Rates.—For display matter a flat rate of 10 cents an inch is charged. The columns in The Tribune are 24 inches long, making a one column advertisement cost \$2.40. For one inserted in all local notices, cards of thanks, resolutions of respect, and all notices of entertainments where an admission fee is charged will be published at 5 cents per line.

Works Both Ways.

During a conversation with one of our farmers recently that gentleman complained because the cost of labor was so high, stating that it was almost impossible for a farmer to keep a hired man now, because of the high wages demanded for this class of labor.

Well, it is hardly reasonable to expect anything else. Farm products are bringing a higher price than they have within the memory of the present generation. There has been a steady increase in the cost of the necessities of life during the past ten years, and wages were the last thing to go up.

The farmer who has wheat to sell is jubilant over the present price of \$1.15 a bushel, and many are hanging on with the hope of \$1.25. If they do not raise wheat, however, they think the merchant is robbing them when he takes an another ten cents a sack when they go in to buy flour.

When the times get good and the price of farm products go up, everything else goes up accordingly, and at last even wages go up a notch. So it is hardly any wonder if the farmer has to pay his help more than he did a few years ago. The hired man has to receive more if he wants to live.

Another Office Granted.

Stevens Point Gazette.—The attention of members of county boards is called to the following, another of the innumerable laws passed by the late lamented legislature: "The county board shall at its next annual session, and every three years thereafter, select a competent person to be known as County Highway Commissioner, who shall hold his office for a term of three years.

"A Commissioner shall not be less than \$2.50 per day nor more than \$4.00 per day for actual time consumed in official duties."

If there is anyone who can get up and conscientiously say that the creation of this office was a good or wise move on the part of the legislature, The Gazette should be pleased to hear from him. True, it creates another position for public pay, at from \$2.50 to \$4.00 per day, and the taxpayer must pay the bill. It has heretofore been generally supposed that the town officers were capable of attending to their own highways, but it seems not. There is to be a higher authority, a highway commissioner, and what will he do, except draw his salary "for actual time consumed in official duties?"

University Man Inspects Stations.

Dr. A. S. Alexander, professor of veterinary science at the state university college of agriculture, has just completed a tour of several of the southern and central counties of the state where he made close inspection of the stations, in the interest of improved horse breeding. Dr. Alexander was accompanied by the university photographer, who made photographs of striking examples of cross breeding and the breeding of unsound animals. Dr. Alexander is planning to further extend the work this season with a view to the publication of another bulletin on horse breeding.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Holt, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by Daly Drug & Jewelry.

Must Pay \$5 a Year to Drink.

Oregon is introducing the most novel liquor law of them all. Its basis is publicity. Many men drink and don't care who knows it, others, particularly young men in positions of trust who have the drink habit, try to conceal it. In Oregon, before a man can buy liquor at any place where he sold, he must take out a license which costs him \$5 a year. Unless he has this document the bartender will under no conditions serve him a drink. Also, every six months the names of those to whom licenses have been issued are printed in the papers, so that the bartenders and all others may know just who are the drinkers in the community. Severe penalties await any who fail to observe this statute.

Croup

When a child wakes up in the middle of the night with a severe attack of croup, no time should be lost in getting him to bed. If the child is not sleeping, no time should be lost in getting him to bed. If the child is not sleeping, no time should be lost in getting him to bed.

Chamberlain's Cough Remedy

has never been known to fail in any case and it has been in use for over 20 years. It is a pleasure to recommend it to those needing a remedy for croup and whooping cough. For sale by Daly Drug & Jewelry Co.

What is a Watt?

In the electrical world one hour is a great deal about "watts." The current is measured by watts; the machinery is rated by watts; lamps burn by watts. To the ordinary layman all this talk of "watts" is as mystifying as the death of the late accident of Swan.

The man to whom we owe the idea of the horsepower was a Scottish inventor, James Watt, and when the electric unit involving the idea of working capacity came to be formulated the name of Watt was chosen to indicate his unit, just as that of Volt has been as the term volt and ampere are in fact.

Considered that taking the average, a London dry horse was capable of doing the work of lifting 33,000 pounds through one foot of distance in one minute of time. The introduction of the electric unit, the minute, gave the unit of power or the rate of performing work. This is the equivalent of the horse power. The electrical unit called the watt is capable of being represented in terms of the horsepower, and in that form it is perhaps more intelligible to those who are familiar with electrical expressions. The electrical watt is the product of volts multiplied by amperes, where the volt is the unit of electrical pressure and the ampere is the unit measuring the density of volume of an electrical current.

Careful experiments have demonstrated that 746 watts per second are equal to 1 horsepower. If we divide 746 watts equal one horsepower, then in which electrical power is generally sold is computed on the basis of kilowatt-hours. The prefix kilo comes from the Greek Chilio meaning one thousand. A kilowatt written also k. w., is therefore 1000 watts. The kilowatt-hour is the performance or work at such a rate that 1000 watts per second shall be delivered continuously for one hour.

The kilowatt-hour has a special interest for the man who has his office or house lighted by electric lamps, because the kilowatt-hour is the unit upon which the power and light companies base their charges.

Wood County Real Estate Transfers.

Peter Ploas at ux of Nekosia to Albert Knute of same place on Oct. 20th. SW 1/4 of SE 1/4 of 23-25-5E. Con. \$450.00.

Potato Experiments.

The result of the potato spraying experiment made at the Chaudron farm by the state experimental station under the direction of J. G. Milward, has been very gratifying. The parts of the field which were sprayed, are yielding from 200 to 225 bushels to the acre, and the parts which were not sprayed are yielding from 125 to 150 bushels to the acre. One field was used for the work, some rows being sprayed and others left untouched. The experiment with the German alcohol potatoes has not been so great a success. Either the seed is not adapted to our soil, or they were planted too late in the season, for while there are a great number of potatoes in every hill they are all small, and the yield is less than 160 bushels to the acre. In Germany, from 250 to 400 bushels to the acre are raised.—Waupaca Post.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done much good till I took Foley's Kidney Cure. Four bottles cured me, and I am now in good health in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine."—Daly Drug & Jewelry Co.

RUDOLPH.

Necrologist.—George H. Livenshaw, who has been station agent for the C. M. & St. P. R'y. at this point for the past five years, left Tuesday for Mountbison, Minnesota, on the Hastings and Dakota division, where he is to take a "trip" in the train dispatcher's office. While everybody is pleased to learn of his well-earned promotion, the removal of this family from our village will be regretted by all acquainted with them. It is quite probable that Mrs. Livenshaw and the children will remain here until next spring.

John Weyers and Oliver Akoy transacted business in Grand Rapids on Friday.

Mrs. Jacob Kater has been visiting at the home of her brother, Wm. Daniels at Nekosia.

A large number of our people attended the funeral of H. Vadasia on Saturday at the Catholic church after which the remains were taken to Grand Rapids where they were interred in the Catholic cemetery. The bereaved have the sympathy of many friends.

Miss Francis Hintz spent the past week with her parents, Mr. and Mrs. Martin Hintz.

Mr. and Mrs. T. Akoy departed Friday for Chicago where they will spend a part of the winter with their daughter.

Mr. and Mrs. Albert Penson of Grand Rapids spent Sunday here with relatives.

NEKOOSA.

(From the Times.)

An old relic of pioneer days along "Old Wisconsin" was unearthed with gravel hauled for R. M. Williams' new building. It was a piece of flint of a flint-lock musket such as was used years ago and may have been dropped by some French voyageur paddling down the river who stopped for a hunt on the bank of the river a few miles north of the present site of Nekosia. A strange feature of the find was that the flint was unsharpened with gravel some eight or ten feet below the surface of the ground.

The next meeting of the Wood County A. S. of E. union will be held on Nekosia Jan. 3. As the state convention will be held at Grand Rapids on January 9th, the various unions in this county will probably be well represented here not only by the delegates but by a large number of the members. There are 19 unions in Wood county with a combined membership of about 500. J. C. Davis, of Richfield, is president and Otto J. Loof, of Seneca, secretary.

Geo. N. Wood, of Grand Rapids, was in the city Monday evening having returned from a trip down the river to Barnum with Dr. Nigamant in the latter's launch. The gentleman went down there from the lower ferry last Saturday.

The remains of the late Peter Heber, who died at Fortwood, Colo., last week Tuesday, arrived here Friday morning accompanied by the widow of the deceased. Funeral services were held at the Catholic church Saturday morning after which the body was conveyed to Friendship where interment was made.

YEARS OF SUFFERING THEN RO-BUST HEALTH.

Great Remedy Cured Skin Disease of Long Standing.

—Mr. J. Weber, of 1035 Vine street, San Jose, Cal., writes an interesting story of terrible skin suffering which ended in robust health when he found a remedy which cured him like magic. Here is Mr. Weber's own story:

"In July, 1900, my face began to be affected with a terrible skin disease. I went to a doctor and he told me that I had been poisoned and he wanted to operate on me. I refused to let him do so and after a few months my face was an awful sight. You could see that it was diseased to the bone. Some people claimed that I had cancer. Great boils would appear, increasing in size and painful very terribly. I began to doctor again, but no one could help me; large plumpies and boils would continue to come. At that time I had as many as ten on my face. I was such a terrible sight that my friends could not bear to see me. I doctored for five years until my funds gave out and I had to stop. During this time I tried over 300 remedies.

"One day I happened to hear of Dr. D. D. Prescription and learned that it had cured several bad cases of Eczema. I purchased a bottle and then I got a second bottle. The use of five bottles cured me. It has been eight months now and the disease has not returned. My friends, who were so afraid of me, are now my friends. It was that cured me of the skin trouble and I advise that it was D. D. D. which healed me."

We know that every word of the above letter is absolutely true. We know Dr. D. D. Prescription, the great remedy for Eczema, psoriasis, salt rheum, dandruff, etc., because all the cures it has made appear to be lasting. Come in and talk to us about this remedy. Sold by Daly Drug & Jewelry Co.

—Eloy's "A Texas Star," which comes to the Grand Opera House, Friday evening, Oct. 25th while possessing more of the mirth provoking qualities than his other plays, it also has the added excellence of genuine comedy. The piece is full of excellent situations and comical situations all wrought in very natural. Among the strong characters are the Texas Cattle King, the colored office seeker, the 3 Texans, Brassy Gap, the Lobbyist, Major Pepper, Boley the Congressman's daughter, the girl whose mother had been kissed by Daniel Webster, and many others. Jas. R. McConan is appearing again this season as "Maverick Brander," Nina Wilber as "Bossy," Brander's daughter, and many of the old favorites are in the cast.

Live Stock Exposition.

The International Live Stock exposition will be held at the Union Stock yards, Chicago, from November 30 to December 7, and entries for same close on the 1st of November.

VESPER.

One of the most recent of the season occurred last Wednesday evening when fifty of the friends of Mr. and Mrs. Pat Flannagan surprised them. The surprise was complete, but the host and hostess were equal to the occasion. The evening was spent in playing cards and games. Mr. Gummi was present with his graphophone which rendered sweet music. After a beautiful picnic supper, and bidding the host and hostess good night, the friends returned to their homes feeling they had spent a very pleasant evening. The originators of the party had planned the meeting for their wedding anniversary, but Mr. Flannagan has a position with a lumber company at Mosinee and he might be unable to be home at that time so it was thought best to have the party when he could be present.

Chas. Natwick and Atty. J. C. Davis of your city were in Vesper a short time on Sunday while enroute to the Nauvoo farm.

Mrs. Andrew Spangler and son Robert are visiting friends in this vicinity and are the guests of Mrs. Lynn Turner.

The Shadow Social for the benefit of Eld Moudt was well attended. The Vesper concert band was in attendance.

William Merrick has returned from Illinois after visiting friends and relatives.

Albert Gerlich is painting his barn.

A good many farm buyers are coming to this point and land is on the boom.

Not a vacant house in the town and if someone don't build, people will have to live in two families in a house.

Miss Nellie Nelson, Dot Waterman and Harriet Schroeder of Grand Rapids were entertained at the E. Gough house in Hansen Sunday.

Dave Woodruff transacted business in Grand Rapids on Tuesday.

ARPIN.

Miss Amelia Schroeder left Saturday for Milwaukee to attend the wedding of her sister.

Miss Edna Dingman of Lake Mills, who has been spending the past three months at the A. E. Gardner house, returned home Monday.

Mrs. O. P. Winnebroun returned Thursday from a visit at Fond du Lac.

Wallace Robinson was at Fond du Lac Thursday and Friday.

Miss Ora Nissen spent Saturday at her home in Grand Rapids.

Miss Mahel Winnebroun, has been quite sick the past week but is now better.

Mr. and Mrs. Milton White and Mrs. Chas. Parker of Pittsville, visited at Wittman's Sunday.

SIGEL.

Victor Kronholm was pleasantly surprised last Wednesday evening by a great number of friends. The unexpected guests were royally entertained and a very pleasant time was had by all present. Refreshments were served to which all did ample justice. Dancing was indulged in until the wee small hours.

Tom Tyler has been employed to paint Eyer Berg's new residence at the Rapids.

Mr. Ulves is reported quite ill at present.

Ed Brandstott and Dave Sharkey of Radolph took to the party at Kronholm's last Wednesday night.

Misses Bertha and Floer Berz spent Saturday at Grand Rapids.

Misses Mary and Jennie Lundberg left for Chicago after a three weeks visit at home.

Mr. Tompsett is having a new house built.

Lucas Jacan has accepted a position in the Bracon Bros. store at Nekosia.

MEELAN.

Mr. and Mrs. Henry Lutz were Stevens Point callers Thursday.

John Smart of Stevens Point visited relatives here a couple of days last week.

Dennis Parke has finished digging his potatoes and has commenced husking his corn.

Mrs. J. P. Waterman, who has been visiting here for several days, returned to her home at Amherst Saturday.

Lige Warner went to Florer Friday afternoon.

Mr. H. Mueker was a Plover caller Saturday.

Mr. and Mrs. S. V. Topping were Meelian visitors Sunday.

Autop Green was in Stevens Point two days last week.

Miss Agnes Mueker, who has been visiting her sister, Mrs. J. P. Waterman at Amherst for several weeks, returned home Monday.

B. S. Fox hauled potatoes Thursday for Mr. Venton.

Henry Lutz bought three hundred bushels of beggys of John Clausen last week.

Matt Hammls shipped two carloads of wood to Jake Lutz at Grand Rapids Friday.

Stephen Booth of McMill hauled beggys from Joe Plattos Saturday.

REMINGTON.

Carl Sanger made a business trip to Grand Rapids one day last week.

Mrs. A. Hass returned home last Tuesday after an absence of several days visiting her daughter at Nekosia.

Mrs. Kottke has been very sick but is better at the present writing.

George Rodie of Nekosia was guest at the home of his sister, Mrs. R. Hass, last Sunday.

Agnes Kennan spent Saturday Sunday at her home in Dexterville.

Martha Saebromb visited with friends at Nekosia the fore part of the week.

Chas. Lowe, who has been running a threshing machine for several weeks, finished and returned home last Friday. He reports the grain light this fall and of very poor quality.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere—Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling organs of the Stomach, etc. Wood Co. Drug Co.

BIRON.

Miss Bertha Akoy, who is teaching near Marshfield, spent the past week with her parents in this burg. Miss Bertha has been unable to attend to her school duties as she has taken her second treatment from John Till, the wonder doctor, at Somerset, Wisconsin. She says it is marvelous to listen to the wonderful stories of his great cures. He has patients from all parts of our country, east, west, north and south and ninety-nine cases out of a hundred prove successful. It does happen, sometimes that some patient will disobey his orders and they suffer the consequences. It is well worth knowing about this famous man. One cannot imagine the commotion around the farmhouse, recently noted, in which he treats his one hundred and twenty-five patients daily. He is certainly a great help to every one, rich and poor alike. Every one has a chance with him as he makes no charges for his work. People are asked to give what they like for a treatment which is usually the small sum of one dollar. In spite of this liberal offer some people leave his office without giving him a cent for his great care and increasing labor. For further information regarding him take a trip to the little village and see him for yourself.

George Bates of Radolph was the guest of his sister, Mrs. Jeff DeMars and family Saturday and Sunday.

Mrs. E. A. Lambert and Miss Elida Lambert of your city spent a few hours with Mrs. J. T. Herron Friday afternoon.

Ed Witte of your city is now employed in our burg as assistant carpenter. Of course, we all know it isn't carpentry alone which draws him to this place.

Biron has passed its childhood days and it is about time. Progress is in sight now as five houses are being erected and a few more being planned. If this growing spirit continues we shall soon be proud of our little village. Mrs. George Charnley of your city spent last Thursday with "old time friends" in this burg.

Lloyd Weber resigned his position in the paper mill here and is now employed in your city, where he moved the past week.

John Pesslov has bought the house occupied at present by Curtis Croft and family and expects to run a store in the same. There is no doubt but what he will be well patronized.

August Komplitz has sold his pony to Owen Langholm.

In many cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It cures you more than the ordinary preparations and you should insist upon having the genuine in the yellow package. Daly Drug & Jewelry Co.

PITTSVILLE.

The Heinz Co. paid out about \$8,000 for pickles delivered to the Pittsville station during the season just closed, the price paid the growers being \$1.40 per 100 pounds, 20 cents more than the contract price, the company having advanced the rate during the season on account of the unfavorable conditions which made the crop practically a failure in many localities and somewhat shorter around Pittsville than was expected. The raise was allowed for all pickles brought in and came as a welcome surprise to the farmers who supposed that the company would hold them to the contract price which it could have done. Chas. Heuer states that owing to the scarcity of pickles, the company intends to make contracts for next year at the rate of \$1.50 per 100 pounds, which if the season is as favorable as last year will mean a good thing for the growers. Ed. Langholm, who has been with the Heinz people during the past year, says that the pickles from Pittsville were second in the state in point of average per acre, being exceeded only by Ripon. There were 201 growers for the Pittsville station and they hauled in over 14,000 bushels.

The new German Lutheran church which is to be built next spring will be of brick with a stone basement. The building will be 34.65 and 35 feet to the top of the steeple, an imposing structure and one of which the congregation will be proud. The stone will be hauled on sleighs this winter and about 150,000 brick will be required. Vesper brick will be used.

Mr. and Mrs. J. E. Pesslov have taken charge of the Johnson house. Mr. Barth, the former proprietor having traded the same to Larry Ward, of Babcock, for a farm east of the city.

Loren Shimmway Sr., who has been visiting old time friends and also combining business with pleasure, in the disposal of his house and lots to Alex Moore, returned Tuesday to his home at Hilliard, Washington.

The marriage of Miss Emma Liepka to Albert Swatke was solemnized at the Lutheran church Sunday morning. Rev. V. Gruber officiating. A large reception was held at the home of the bride in the afternoon.

Larkin Currie, a former Pittsville boy, but now of Iowa, is visiting the scenes of his childhood. He, with his mother are here on an extended visit with the Mitchell family.

The B. H. Jacobs and O. Pickering families, who recently purchased farms east of town of the Otell-Standall Co., are now occupying the Landford house where they will remain for the winter.

Mrs. Geo. Massoe of Hiles, is visiting at the home of her parents, Mr. and Mrs. Jos. Robinson.

Mrs. Warren Johnson, returned to her home at Grand Rapids Friday after a weeks visit among friends.

Dell Murray expects to locate in Montana where he has accepted a position as engineer in a saw mill and will enter upon his duties there about the middle of November. His family will remain in Pittsville for the winter.

E. W. Ubinger is building a fine large barn on his farm near this city. The stone basement is about completed and will be one of the best in this part of the county.

Mrs. Carrie Foudrie, of Curtis, is visiting her sister, Mrs. Chas. Solzinger.

Tracey Thompson, of Two Rivers, is visiting at the home of his aunt, Mrs. F. Rollins.

Next to having money, the most important thing is how to take care of it—how to invest it. A Banking Institution of this kind cannot only care for your financial interests in a careful, conservative way—giving you abundant banking facilities in every department of finance—but can also give you valuable aid and advice about investments and securities. Open an account and enjoy the advantages that accrue.
